My name is Buzzy, a busy bee,  
I'm found on every page.  
I represent each student here  
Of every kind and age.

Sometimes I am a student "brain"  
Who studies all the time,  
Sometimes I am a student "drone"  
Who ne'er gets off the dime.

Sometimes I represent the "queen"  
Who captures every male.  
Where'er you look you'll find

But watch out for  
my "tale."

Published by the students of

King City Union High School  
King City, California

The senior class deeply regrets the absence this year of one of its nicest, most friendly boys. George became ill before school started this term, but he is determined to graduate in '51. We feel that he is to be commended for continuing his studies at home so that he may finish with his class.

While in school he was noted for his excellent dancing ability and his mathematical genius. He is interested in leatherwork, hunting, and all outdoor activities. We all wish him luck in the future and we know that he will be successful in whatever he does.

# Mustangs Take 'B' Championship

The Mustangs, coached by R. B. Norman, defeated the Mustangs of the other school in the 'B' championship game. The Mustangs were led by Harvey Russell, who scored the winning point. The game was a close one, but the Mustangs were able to pull out the victory in the final minutes. The Mustangs' defense was solid, and they were able to keep the other team from scoring. The Mustangs' offense was also strong, and they were able to score in the key moments of the game. The Mustangs' victory was a testament to their hard work and dedication.
